

Color by NUMBER

Count • Color • Reveal the Picture!

8 Pictures • Ages 4-8 • US Letter + A4

Dear Grown-Up,

Color-by-number builds number recognition AND fine-motor control — and there's a surprise picture hiding in every grid! Match each number to its color in the key, color every square, and watch the picture appear.

Great for ages 4-8. The answer key for every picture is at the back if you get stuck.
Laminate + dry-erase to reuse. ☐

Color by Number #1
