10 Shapes • Ages 2-5 • US Letter + A4

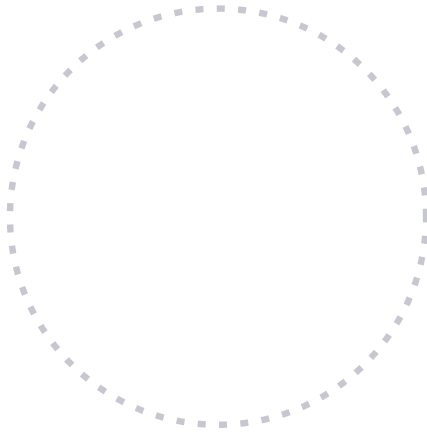

Dear Grown-Up,

Shapes are the building blocks of letters, numbers, drawing — and pre-writing. On each page your child traces the dotted shape, colors the big outline, and learns a real-world example so the shape sticks. Point out the shape on a walk afterward.

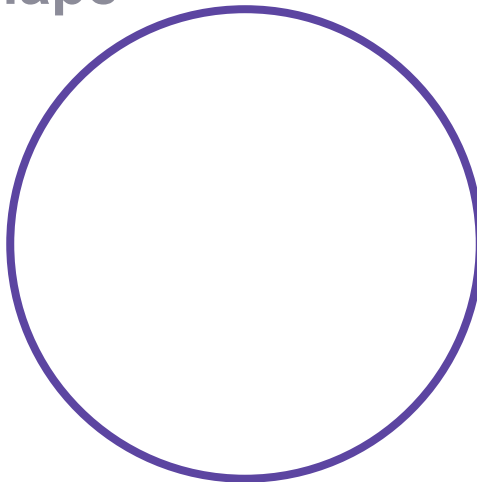

Tip: laminate + dry-erase marker to reuse. Go at their pace and have fun. ☐

Circle

1. Trace the circle

2. Color the shape

A ball is a circle!
